Hi Karrie,

We are actually hoping that Roulette will be issued by the end of September. The public process was conducted so it's just a matter of closing out our consultative process with Seneca Nation and sending our comments through concurrence. However, Roulette is our first permit with the Nation so we are still unsure of the timeframe since we haven't provided them with our formal response yet.

Each permit is typically public noticed for 30 days yes. However, there is an opportunity for the public to request an extension. We received a request to extend the public comment period for Roulette, resulting in a 90 day public comment period.

The UIC permitting status email is my way of keeping the permits straight. I can put more details in there if that would help you. I am happy to revise to suit your needs for quick reference.

Thanks!

Yes, I agree. The wording makes it feel a bit like trying to follow a flow chart. So we do not think any of the 4 permits will be issued by the end of the FY. Also, is each public notice issued for 30 days?

I think that answers the last of my many questions. Really appreciate your input!

Karrie
